## A TRIP THROUGH INDIA

Geo. Riddoch

Narracoorte: A. Caldwell, 1900.

First Edition.

20cm x 13cm. 24 pages. Illustrated side-stapled wrappers.

Unrecorded booklet of a speech never presented by South Australian pastoralist and politician George Riddoch (1842-1919). The speech was intended to be delivered as a lecture in aid of the Narracoorte Institute and was printed by special request as a token of esteem and respect by Riddoch's friends in Narracoorte. In 1899 Riddoch was commissioned by the government to investigate drainage and irrigation overseas; this booklet was printed shortly after his return from one of these trips though the lecture reads more as a recounting of a leisurely sojourn than a ministerial investigation. Riddoch recounts the boat journey from Australia to Colombo aboard the P. & O. cruiser Himalaya, then onward to Bombay including his observations of a Japanese couple aboard the Bengal. He waxes further on Bombay, Simla, Amritser, Calcutta, Lahore, Peshawar and the Kyber Pass, as well as telling of the journeys between and much observation of local inhabitants, their lives and customs, and various statistics relating to farming, education, population, railways, and irrigation works. Rare, unrecorded in Trove or OCLC.

## SEANCE

Shannon Taggart

Los Angeles: Atelier Editions, 2022.

Second Edition.

30.5cm x 24cm. 304 pages, colour illustrations. Black cloth, silver lettering, pictorial onlay.

"Named one of Time's best photobooks of 2019, and now revisited by Atelier Editions, Seance offers readers a remarkable series of supernatural photographs exploring spiritualist practices and beliefs within communities found across the US, the UK and Europe. The photos are accompanied by Taggart's commentary on her experiences, a foreword by Dan Aykroyd, creator of the Ghostbusters franchise and fourth-generation spiritualist, and illustrated essays by Andreas Fischer and Tony Oursler. American photographer Shannon Taggart's fascination with spiritualism, the belief in deceased individuals' ability to communicate with the living, began during her adolescence when a medium revealed additional information about the circumstances of Taggart's grandfather's death. A decade later, Taggart, then a practicing photojournalist, found herself obsessively drawn to Lily Dale, New York -- the worlds largest spiritualist community. Her transformative experiences there catalysed an 18-year odyssey documenting spiritualist communities throughout the world in search of 'ectoplasm' -- an emanation exorcised from the body of the medium, believed to be both spiritual and material. Atelier Editions' reissue also features new commentary by writer and filmmaker J. F. Martel, additional archival images and a new design. Based in St. Paul, Minnesota, Shannon Taggart (born 1975) has contributed to Time, Newsweek, New York Times Magazine, Discover, New York, Wall Street Journal and Reader's Digest. Her first monograph, Seance (Fulgur Press), was published in 2019. She is currently working on an illustrated book about the Society for Research on Rapport and Telekinesis (SORRAT), one of the most exotic cases within the history of psychical research." ## IN SEARCH OF SMILES: LSD, OPERATION JULIE AND BEYOND

Andy Roberts

London: Psychedelic Press, 2023.

First Edition.

23.5cm x 15.5cm. [vii], 296 pages. Black cloth, gilt lettering, pictorial jacket.

"The life of Alston Hughes, aka Smiles, is an extraordinary journey through Britain's counterculture and illicit drug networks in the late twentieth century. A key figure in the Microdot Gang conspiracy, Smiles shifted millions of doses of LSD before being arrested in 1977 by Operation Julie -- the police investigation which unearthed what was then the largest LSD manufacturing and distribution operation of its kind. Based on a series of interviews, Andy Roberts' In Search of Smiles is an enthralling folkloric biography of a life lived to the full, and a culture pushed to the edge. From a tough upbringing in postwar Manchester, to free festivals, hashish smuggling, and travels to South Asia, Smiles' cat and mouse adventure with the authorities weaves through an intimate portrayal of his life, relationships, and community in the village of Llanddewi Brefi and beyond." ## EDGEWISE: A PICTURE OF COOKIE MUELLER

Chloe Griffin

London: b\_books, 2022.

Third Edition.

23cm x 15cm. 335 pages, black and white illustrations. Pictorial wrappers.

"Cookie Mueller was a firecracker, a cult figure, a wild child, a writer, a go-go dancer, a mother and a queer icon. This volume by Berlin-based actress and writer Chloé Griffin tells the story of Cookie's life through an oral history composed of more than 80 interviews with the people who knew her. Along with the text, it includes artwork, unpublished photographs and archival material and photography by Philip-Lorca diCorcia, David Armstrong, Robert Mapplethorpe, Peter Hujar and others. A child of suburban 1950s Maryland, she made her name first as an actress in the films of John Waters, and then as an art critic and columnist, a writer of hilarious stories and a maven of New York's downtown art world. The contributors take us from the late-1960s artist communes of Baltimore to 1970s Provincetown and New York, through 1980s Berlin and Positano." (publisher's blurb)

## LA GENESIE, OU NOUVEAU TRAITE COMPLET DES CAUSES ET DES EFFETS DE L'IMPUISSANCE ET DE LA STERILITE

J. Morel de Rubempre

Paris: Terry, No date.

First Edition.

14cm x 9cm. vii, 406 pages, 2 folding plates. Full beige leather, gilt lettering, faintly marbled edges. Text is in French.

A Complete Treatise on the Causes and Effects of Impotence and Sterility in Man and Woman, and the Surest Ways to Cure It. French physician and writer Dr. Morel de Rubempre published extensively during the 1830s, garnering a reputation for writing about sex, temperament, and venereal diseases. While not professionally esteemed in his time, and occasionally the subject of derision for his writing and self-aggrandizement, Morel de Rubempre served to popularise medical knowledge on a variety of subjects. In his practice, he specialised in genito-urinary diseases and the treatment of syphilis; his focus on describing genital lesions helped shift conventional thinking about their causes, leading Morel to consider potency, rather than impotence, as the foundation for understanding impediments to his patient's fertility. This rare work (only 2 copies recorded in OCLC) being in two volumes with continuous pagination bound as one, each with a separate title page and illustrated folding frontispiece. Undated, c. 1838.

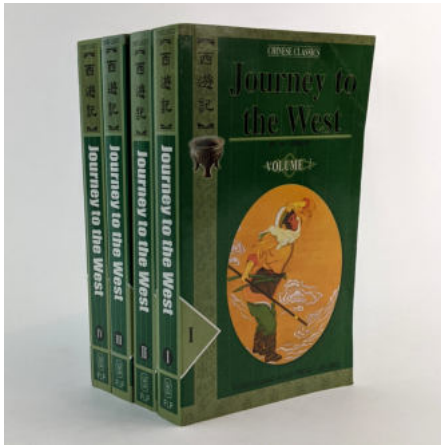

Rebound in full beige leather, raised bands, and elegant gilt. Minor to moderate tanning and foxing, more prominent to preliminaries and last pages, title pages and verso of the plates. The plate rectos mostly clean, though the second volume moreso than the first. The imprint on the title page of volume 2 partially cropped. Very Good Condition. \$2000.00 AUD.
