## THE AUSTRALIAN CONSTITUTION: A DOCUMENTARY HISTORY

John M. Williams

Melbourne: Melbourne University Press, 2005.

First Edition.

31cm x 23cm. xv, 1288 pages. Full leather, slipcase.

"This book brings together all the critical documents which formed the Commonwealth Constitution of 1901. Constitutions are the basic documents of a society. The drafting of the Australian constitution was the product of intense negotiation and debate. Line by line it represents the work of dozens of delegates and the considerations of millions of Australians. This authoritative and unique book brings together, for the first time, all the critical documents that formed the Commonwealth Constitution of 1901, tracing the Constitution from its most embryonic stages to its enactment. From the time that the colonies obtained self-government in the 1850s the issue of a large federation was being considered. In the latter part of the nineteenth century the colonies, through their delegates, came together in a series of conventions to draft a constitution that was to be put to the people. The documents included in this book tell the story of that painstaking process. This easily accessible collection of primary source material includes drafts of the Constitution, memoranda, personal letters relating to the drafting, and comments by the drafters themselves. It contains Hansard extracts, speeches, resolutions from Australasian Federal Conventions and comments on the drafts. It also reproduces newspaper cartoons reflecting popular feeling at the time." (publisher's blurb)

. Fine Condition. \$650.00 AUD.

## ACID TRIPS AND CHEMISTRY

Cam Cloud

Berkeley: Ronin, 1999.

First Edition.

21.5cm x 14cm. x, 134 pages, black and white illustrations. Illustrated wrappers.

"More people are using acid today than at any time since the 1960s. This book summarizes everything that is known about this potent psychedelic drug: what an acid trip is like, how LSD was discovered, what forms are currently available on the underground market, how to produce the drug, and much more -- including, of course, caveats about acid and the law." (publisher's blurb)

Unread, wrappers shelf worn as they are prone to. Near Fine Condition. \$25.00 AUD.

## BEYOND THE NARROW LIFE: A GUIDE FOR PSYCHEDELIC INTEGRATION AND EXISTENTIAL EXPLORATION

Kile M. Ortigo

Santa Fe & London: Synergetic Press, 2021.

First Edition.

23cm x 18cm. xxiv, 430 pages, black and white illustrations. Illustrated wrappers.

"With the second renaissance and re-emergence of psychedelics in Western society, the public and therapists alike are confronting new areas of exploration with few comprehensive models available to aid in the profound process of integrating such powerful and mystical-like experiences into one's life. Psychedelic-assisted psychotherapy offers one useful model for this work, but access to even traditional therapy is limited due to expense and inadequate specialized training. With questions surrounding legal access, criminalization, and medical indications and contraindications, the immediate future of psychedelic-assisted therapy remains shrouded in uncertainty, even in the face of expanding interest and promise. Beyond the Narrow Life seeks to 'thread a needle' by addressing profound themes elicited by psychospiritual and therapeutic use of psychedelics while avoiding merely 'preaching to the choir.' This book explores common topics that emerge during psychedelic journeys by integrating several frameworks, spanning evidence-based cognitive-behavioral therapy, Jungian depth psychology, existential philosophy, compassion and mindfulness practices, comparative mythology, pop culture, film, and scientific understandings of the cosmos. Instead of a dry overview of big ideas, Dr. Ortigo gently guides readers through an awe-inspiring journey that confronts the deeper questions and concerns we all face as humans in this modern time." (publisher's blurb)

## SHOW ME! A PICTURE BOOK OF SEX FOR CHILDREN AND PARENTS

Will McBride; Helga Fleischhauer-Hardt

New York: St. Martin's Press, 1975.

Later Printing.

30cm x 22cm. 176 pages, black and white photographs. Pictorial wrappers.

Originally published in German titled Zeig Mal!, this is a later printing of the English edition. Show Me! is a graphic sex education book written in a frank style to encourage teaching "children to grow up proud and unashamed of their bodies and sexuality." The publisher was accused of obscenity, with prosecutors arguing the book was child pornography. In all of the original cases judges ruled the book was not obscene, though the book continued to feature in US court cases relating to obscenity, child pornography, and the First Amendment, and was eventually pulled from shelves by the publisher "stating that though they believed Show Me! was not pornographic, they could no longer afford the legal expenses to defend it".

Cover price marked out. Some small rubs and chips to wrappers. Minor soiling and foxing. Previous owner's name. Good Condition. \$350.00 AUD.
